

BLUE

MICRO-BALANCER

BRINGING BALANCE TO THE SOIL MICROBIOME

BLUE Micro-Balancer Complete is a homogeneous fertilizer that is formulated to meet the micronutrient needs of most crops while also enriching soil-to-plant interactions through a combination of marine-based plant extracts and natural carbon sources.

Includes a complete micronutrient package to supply essential nutrients that are often overlooked.

Enhanced by a combination of humic substances and plant extracts that feed and promote the native soil microbiology.

Greater soil-to-plant interaction results in improved availability and uptake of soil nutrients.

MEETING THE CROP'S NEEDS FOR MICRONUTRIENTS

Crop	Yield	Zn	Mn	Fe	B	Cu	S
Corn	180 bu/ac	0.17	0.14	0.24	0.05	0.02	9
Soybean	60 bu/ac	0.14	0.1	0.32	0.14	0.05	11
Wheat	80 bu/ac	0.12	0.18	0.2	0.03	0.02	6
	MB-Complete @ 10#/A	0.5	0.5	0.4	0.25	0.1	0.5

RATE & TARGET USE:

10-20 lb/acre

Pre-Plant with Blend

Easy to Use

For All Crops

ANALYSIS:

Sulfur (S) 5.0%
 Boron (B) 2.5%
 Copper (Cu) 1.0%
 Iron (Fe) 4.0%
 Manganese (Mn) 5.0%
 Zinc (Zn) 5.0%

Derived from: Sodium Calcium Borate, Copper Oxide, Copper Sulfate, Iron Oxide, Iron Sulfate, Manganese Oxide, Manganese Sulfate, Zinc Oxide, Zinc Sulfate
